PROFESSIONAL SUMMARY

With a decade of dedicated experience in hatchery management, I excel at enhancing operational workflows and ensuring top-tier production quality. My background includes comprehensive staff training, budget oversight, and innovative breeding methodologies, all aimed at promoting sustainability. I am committed to driving hatchery success through strategic leadership and fostering a high-performance team culture.

WORK EXPERIENCE

Hatchery Manager Feb / 2019-Ongoing
Blue Sky Innovations Chicago, IL

- Oversaw daily hatchery operations, ensuring adherence to production schedules and quality standards.
- Led a team of 20 employees, providing training and development to enhance performance and productivity.
- Collaborated with suppliers and stakeholders to optimize hatchery resources and processes.
- Analyzed performance reports to develop actionable budgets, improving operational efficiency.
- Managed the spawning and maintenance of bivalves, ensuring high-quality output.
- Coordinated the incubation and hatching of over 1 million eggs weekly, achieving superior hatch rates.
- Developed and monitored the annual budget, controlling costs and maximizing profitability.

Hatchery Manager Feb / 2015-Feb / 2019
Silver Lake Enterprises Seattle, WA

- Implemented innovative breeding techniques to enhance production capabilities and sustainability.
- Conducted regular quality control assessments to ensure compliance with industry standards.
- Facilitated communication between departments to streamline operations and address challenges effectively.
- Monitored inventory levels and managed supply chain logistics to support hatchery needs.
- Promoted a culture of safety and compliance within the hatchery to minimize risks and improve working conditions.

EDUCATION

Bachelor of Science in Fisheries Management Feb / 2012 - Feb / 2015
University of Florida Chicago, IL

Focused on aquaculture practices and sustainable fisheries management.
