ACHIEVEMENTS

★ Reduced workplace incidents by 30% through enhanced training programs.

★ Successfully led safety audits resulting in zero non-compliance issues.

PROFESSIONAL SUMMARY

With 5 years of extensive experience as an HSE Advisor, I specialize in implementing effective safety protocols and promoting environmental compliance. I excel in conducting thorough risk assessments and delivering impactful training sessions. My commitment to fostering a proactive safety culture drives continuous improvement initiatives, ensuring a safe and compliant workplace for all.

WORK EXPERIENCE

HSE Advisor

📅 Mar / 2022–Ongoing

Pineapple Enterprises

📍 Santa Monica, CA

1. Promotes a proactive safety culture at Savanna Energy Services Corp., ensuring adherence to HSE protocols.
2. Conducts regular field safety inspections to identify and mitigate risks at work sites.
3. Mentors team members on HSE Management Programs and facilitates safety meetings and training sessions.
4. Assists Rig Site Management in implementing comprehensive Health, Safety, and Environmental programs.
5. Develops expertise in drilling and completion techniques, assessing associated risks effectively.
6. Collaborates with the Operations team to conduct thorough incident investigations, identifying root causes and corrective actions.
7. Enhances awareness of hazard identification, elimination, and control among employees.

HSE Advisor

📅 Mar / 2020–Mar / 2022

Crescent Moon Design

📍 Portland, OR

1. Managed HSE protocols for a 500-member crew during a significant environmental incident in Boulder, CO.
2. Conducted audits and inspections for the Petro Bras-BW Pioneer project, ensuring compliance with safety standards.
3. Performed field inspections, generated work permits, and led incident investigations to enhance safety measures.
4. Acted as the primary HSE contact for DOH in the Mukhaizna field, overseeing organizational HSE performance.
5. Currently consulting for Shell Oil, focusing on safety training and regulatory compliance in deepwater drilling operations.
6. Played a vital role in training crew members on safety policies and procedures, promoting adherence to regulations.

EDUCATION

Bachelor of Science in Environmental Health and Safety

📅 Mar / 2018 – Mar / 2020

University of Colorado Boulder

📍 Denver, CO

Focused on health and safety management, risk assessment, and environmental compliance.
