

MIA TAYLOR

HSE Consultant

✉ support@qwikresume.com ☎ (123) 456 7899 📍 Los Angeles 🌐 www.qwikresume.com

PROFESSIONAL SUMMARY

With two years of dedicated experience in health and safety consulting, I focus on developing and implementing effective safety programs tailored to diverse industries. My proficiency in conducting training, performing risk assessments, and ensuring regulatory compliance drives a culture of safety. I am committed to enhancing workplace safety and operational efficiency through continuous improvement initiatives.

WORK EXPERIENCE

HSE Consultant 📅 May / 2024-Ongoing
Pineapple Enterprises 📍 Santa Monica, CA

- 1. Developed and executed tailored safety programs for clients in manufacturing and construction sectors.
- 2. Conducted comprehensive training sessions on workplace hazard recognition and regulatory compliance.
- 3. Facilitated incident investigations, providing actionable insights to prevent future occurrences.
- 4. Served as Safety Team Leader at a large energy project, overseeing a diverse workforce of subcontractors.
- 5. Formed and managed a Safety Leadership Team, enhancing team dynamics and leadership skills.
- 6. Performed OSHA Outreach Training for construction and general industry standards.
- 7. Created training materials based on client needs, ensuring alignment with regulatory requirements.

HSE Consultant 📅 May / 2023-May / 2024
Silver Lake Enterprises 📍 Seattle, WA

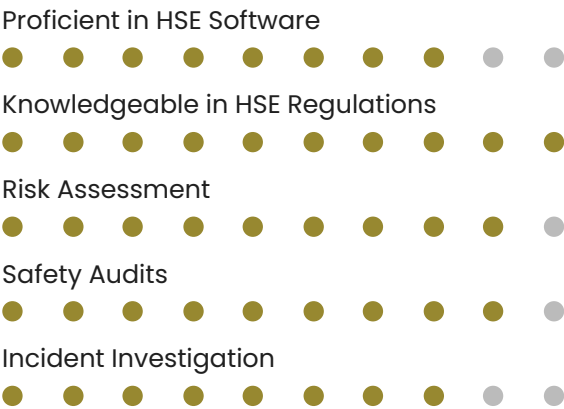

- 1. Conducted management walk downs to audit compliance with safe work practices.
- 2. Mentored craft employees, enhancing their understanding of safety standards and practices.
- 3. Acted as an HSE Consultant for drilling and facility operations, ensuring adherence to safety protocols.
- 4. Oversaw daily safety meetings and compliance inspections as an independent safety manager.
- 5. Developed client safety programs, ensuring regulatory compliance and operational safety.
- 6. Provided on-site safety consulting to rig crews, focusing on spill prevention measures.

EDUCATION

Bachelor of Science in Occupational Safety 📅 May / 2022 - May / 2023
University of Safety Studies 📍 Denver, CO
