ACHIEVEMENTS

- ★ Achieved a 25% reduction in operational costs through lean initiatives.
- ★ Increased overall equipment effectiveness (OEE) by 30% within one year.

PROFESSIONAL SUMMARY

Proactive Industrial Engineering Manager with 5 years of experience in enhancing operational efficiency within manufacturing settings. Skilled in process optimization, leading high-performing teams, and implementing innovative solutions to drive productivity and reduce costs. Eager to leverage expertise in lean methodologies and continuous improvement to achieve organizational excellence.

WORK EXPERIENCE

Industrial Engineering Manager 📅 Mar / 2022–Ongoing
Quantum Solutions LLC 📍 Phoenix, AZ

1. Facilitated lean training sessions, enhancing team understanding of 5S and waste reduction strategies.
2. Increased production efficiency by 40% through targeted process improvements.
3. Collaborated with union representatives to successfully negotiate workforce adjustments.
4. Led a team of engineers in executing continuous improvement projects, resulting in significant operational gains.
5. Reduced workforce size while increasing output and product complexity.
6. Championed the adoption of standardized time metrics across production processes.
7. Provided comprehensive training for engineers in advanced time study methodologies.

Industrial Engineering Manager 📅 Mar / 2020–Mar / 2022
Cactus Creek Solutions 📍 Phoenix, AZ

1. Established the manpower structure and budget for a new truck assembly facility.
2. Analyzed production capabilities to optimize output across the manufacturing plant.
3. Converted an existing facility to enhance production capabilities for new product lines.
4. Completed advanced quality training, including Six Sigma and Lean methodologies.
5. Managed international teams during the setup of a multi-million dollar manufacturing operation.
6. Co-developed a comprehensive project schedule to monitor key deliverables across departments.

EDUCATION

Bachelor of Science in Industrial Engineering 📅 Mar / 2018 – Mar / 2020
University of Michigan 📍 Chicago, IL

Focused on process optimization and manufacturing systems.
