### PROFESSIONAL SUMMARY

A dedicated Infection Control Practitioner with 10 years of comprehensive experience in reducing infection rates and enhancing patient safety. Proficient in developing and executing infection prevention strategies, I lead educational initiatives and conduct surveillance to ensure compliance. My commitment to best practices fosters a culture of safety and supports healthcare teams in delivering optimal care.

### WORK EXPERIENCE

#### Infection Control Practitioner

📅 Jan / 2019-Ongoing

WidgetWorks Inc.

📍 Denver, CO

1. Performed aphaeresis procedures, including stem cell collections and therapeutic plasma exchange, ensuring adherence to infection control standards.
2. Developed and updated comprehensive infection control policies and procedures to meet regulatory requirements.
3. Implemented current infection control practices and standards across various departments.
4. Collaborated with microbiology laboratories to investigate and report healthcare-acquired infections.
5. Reported communicable diseases to health departments, ensuring timely follow-up and preventive measures.
6. Conducted orientation and training for new hires, focusing on infection prevention protocols.
7. Delivered in-service education to medical staff, enhancing awareness of infection control measures.

#### Infection Control Practitioner

📅 Jan / 2015-Jan / 2019

Lakeside Apparel Co

📍 Chicago, IL

1. Managed infection control programs, providing education and consultation to healthcare staff.
2. Conducted routine surveillance of hospital-acquired infections, delivering necessary education to staff on prevention.
3. Utilized UV technology to decontaminate patient rooms post-discharge, significantly reducing infection risks.
4. Oversaw infection control initiatives within the Shock Trauma unit, enhancing patient safety protocols.
5. Assisted in the development and implementation of hospital-wide infection prevention strategies.
