### 💡 SKILLS

Api Management

Cloud Integration Solutions

Data Integration Techniques

Database Management

Automation Scripting

Service-oriented Architecture

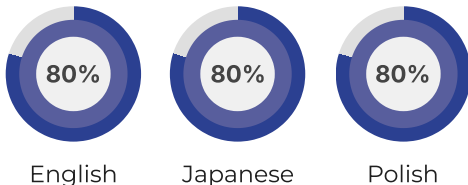

### 🎯 INTERESTS

- 🔧 DIY Projects
- ✂️ Crafting
- 🧘 Meditation
- 🏛️ History

### 👊 STRENGTHS

- 🌱 Humility
- 💡 Innovation
- 👁️ Insightfulness
- ✅ Integrity

### 🗣️ LANGUAGES

### 🌟 ACHIEVEMENTS

- 🌟 Led successful implementation of a centralized API management solution, resulting in a 30% reduction in integration time across projects.

### 👤 PROFESSIONAL SUMMARY

Accomplished Integration Solutions Architect with 5 years of experience in delivering innovative integration strategies across cloud and on-premise environments. Expertise in API management, middleware solutions, and system interoperability, fostering seamless data exchange. Committed to enhancing operational efficiency through collaborative approaches and cutting-edge technologies.

### 💼 WORK EXPERIENCE

#### Integration Solutions Architect

Seaside Innovations

📅 Feb / 2022-Ongoing

📍 Santa Monica, CA

1. Implemented and governed a cloud-based API gateway (Apigee), enabling SaaS providers and facilitating consumer API adoption.
2. Developed operational monitoring solutions with Splunk, creating a comprehensive dashboard for API consumption insights.
3. Engineered a federated Single Sign-On solution to enhance integration between cloud and on-premise systems.
4. Executed global social engagement programs for marketing campaigns, enhancing API management capabilities.
5. Contributed to the overall API Management Solution implementation using APIGEE products, optimizing system performance.
6. Developed Application Proxy code based on validated design documents to ensure seamless integrations.
7. Automated message and file routing to appropriate queues using Unix Shell scripts, improving data handling efficiency.

#### Integration Architect

Cactus Creek Solutions

📅 Feb / 2020-Feb / 2022

📍 Phoenix, AZ

1. Project Name: iHub - Integration Engine (AWSP Profile 1.0 and 1.1) - Mar'09-Till Date Environment: JDK1.6, XSLT, XML, XStream 1.3.1, XPATH, SOAP.
2. Customized and optimized iHub, a tailored ESB solution for the insurance sector, enhancing integration capabilities.
3. Implemented message routing and transformation services, integrating e-signature solutions with Silanis and DocuSign.
4. Architected a cross-functional integration model that streamlined operations, resulting in substantial cost savings.
5. Led the data archiving and retention strategy, ensuring compliance with ISO standards and accessibility of archived data.
6. Conducted data mining and analysis to inform integration strategies across platforms.

### 🎓 EDUCATION

#### Master of Science in Information Systems

University of California

📅 Feb / 2018-Feb / 2020

📍 Seattle, WA

Specialized in system integration and architecture, focusing on cloud technologies.
