ACHIEVEMENTS

⭐ Successfully reduced security incidents by 30% through proactive monitoring and incident response.

⭐ Conducted over 10 vulnerability assessments leading to the remediation of critical security flaws.

PROFESSIONAL SUMMARY

Motivated Junior IT Security Engineer with 2 years of experience focused on enhancing security protocols and incident response. Proficient in identifying vulnerabilities and implementing security measures to protect sensitive data. Eager to contribute to a dynamic team and advance organizational security through innovative solutions and proactive threat management.

WORK EXPERIENCE

Junior IT Security Engineer
Pineapple Enterprises

📅 Feb / 2024-Ongoing
📍 Santa Monica, CA

1. Reviewed and applied security patches for Windows and Linux systems, collaborating with DBAs to enhance system integrity.
2. Conducted information security audits for compliance with NIST standards and internal policies.
3. Utilized Event Tracker for log management, analyzing data to respond to security breaches effectively.
4. Performed monthly database restore audits to ensure data availability and integrity.
5. Executed quarterly tests of tape backups to validate disaster recovery processes.
6. Conducted systems security analysis, ensuring controls are effective and efficient.
7. Collaborated with IT teams to address findings from security audits and enhance overall security posture.

IT Security Engineer
Summit Peak Industries

📅 Feb / 2023-Feb / 2024
📍 Denver, CO

1. Managed network security for a global network with over 50,000 nodes, enhancing overall security architecture.
2. Administered firewalls, including ISS Black ICE, ensuring protection for 8000 users.
3. Performed daily firewall log analysis and vulnerability assessments using tools like Nessus and Nmap.
4. Documented and communicated vulnerabilities to users and management for prompt resolution.
5. Participated in testing security enhancements including encryption and malware detection solutions.

EDUCATION

Bachelor of Science in Cybersecurity
State University

📅 Feb / 2022-Feb / 2023
📍 Chicago, IL

Focused on network security, risk assessment, and incident response methodologies.
