

# AMELIA MOORE

## Journeyman Machinist

✉ support@qwikresume.com    ☎ (123) 456 7899    📍 Los Angeles  
🌐 www.qwikresume.com

### PROFESSIONAL SUMMARY

Dedicated Journeyman Machinist with 2 years of hands-on experience in precision machining and equipment maintenance. Proficient in operating CNC and manual machines, ensuring high-quality production standards. Committed to enhancing operational efficiency and product excellence while adhering to safety protocols.

### WORK EXPERIENCE

#### Journeyman Machinist

Pineapple Enterprises

📅 Apr / 2024-Ongoing  
📍 Santa Monica, CA

- 1. Certified journeyman machinist with diverse mechanical skills.
- 2. Conducted preventative maintenance, troubleshooting, and repairs on production equipment.
- 3. Utilized precision instruments like micrometers and calipers for accurate measurements.
- 4. Set up and operated various machine tools for precision machining tasks.
- 5. Interpreted blueprints and engineering specifications to determine machining methods.
- 6. Ensured adherence to safety standards during all machining operations.
- 7. Collaborated with engineering teams to optimize production processes.

#### Journeyman Machinist

Cactus Creek Solutions

📅 Apr / 2023-Apr / 2024  
📍 Phoenix, AZ

- 1. Operated manual milling machines and lathes for precision part fabrication.
- 2. Machined components for high-profile projects at Sandia National Labs.
- 3. Implemented advanced techniques with rotary tables and tracer attachments.
- 4. Performed basic welding tasks including arc and gas welding.
- 5. Developed fixtures for both CNC and manual machining applications.
- 6. Worked as a subcontractor for Hi Technology Inc and General Electric.

### EDUCATION

#### Associate of Applied Science in Machining Technology

Tech Community College

📅 Apr / 2022-Apr / 2023  
📍 Santa Monica, CA

Focused on advanced machining techniques, CNC programming, and quality control.

### SKILLS

### ACHIEVEMENTS

- ★ Reduced machining errors by 15% through meticulous quality checks.
- ★ Successfully completed complex machining projects ahead of schedule.
- ★ Improved equipment uptime by implementing a proactive maintenance schedule.
