## PROFESSIONAL SUMMARY

Motivated Junior Developer with 2 years of experience in software development and web technologies. Skilled in creating and optimizing applications using JavaScript, HTML, and CSS. Eager to apply strong problem-solving abilities and a collaborative mindset to contribute to innovative software solutions and enhance user experiences.

## WORK EXPERIENCE

**Junior Developer** May / 2024-Ongoing  
Quantum Solutions LLC Phoenix, AZ

- 1. Contributed to both front-end and back-end development, enhancing the company's flagship software.
- 2. In a team of junior developers, developed a Single Sign-On feature for streamlined client access, using C, HTML, CSS, Ajax, and jQuery.
- 3. Led a project to completely revamp the Learning Management System, utilizing VB.Net, HTML, CSS, Ajax, and jQuery.
- 4. Designed mockups for a new website layout in Photoshop, including interactive UI animations.
- 5. Redesigned the company website with a modern, minimalistic approach, ensuring full mobile responsiveness.
- 6. Collaborated with senior developers to create an incident visualization tool using C, HTML, CSS, jQuery, Ajax, and Razor Syntax.
- 7. Successfully migrated a legacy application to modern standards, ensuring compatibility across devices.

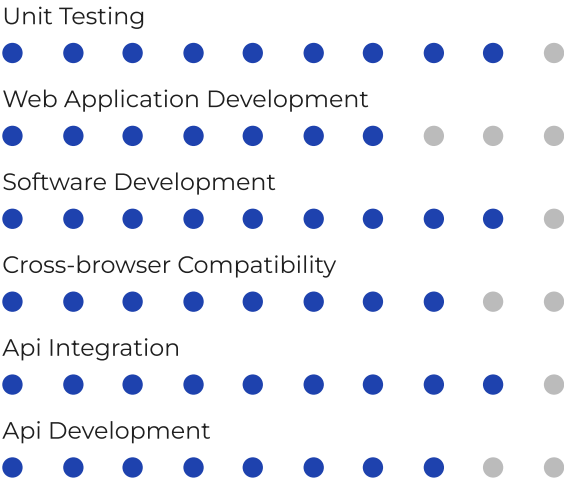

**Junior Developer** May / 2023-May / 2024  
Crescent Moon Design Portland, OR

- 1. Designed, developed, and unit-tested high-quality applications following industry standards and best practices.
- 2. Participated in peer code reviews, providing constructive feedback to enhance code quality.
- 3. Developed and tested APIs for various devices, ensuring seamless integration.
- 4. Supported software deployment processes, ensuring smooth transitions to production.
- 5. Provided production support, troubleshooting issues as they arose to maintain system integrity.
- 6. Engaged in Agile ceremonies including scrums and retrospectives, contributing to continuous improvement.
