📅 Planning

⚙ Positivity

### LANGUAGES

English

Swahili

Russian

### ACHIEVEMENTS

★ Streamlined database queries, improving data retrieval speed by 30%.

★ Developed a monitoring tool using TIBCO Hawk, enhancing application uptime by 25%.

### PROFESSIONAL SUMMARY

Ambitious Junior Developer with 2 years of hands-on experience in software development, specializing in TIBCO integration and Java applications. Adept at implementing efficient business logic and enhancing system performance through innovative solutions. Looking forward to applying my technical expertise to contribute effectively to collaborative projects.

### WORK EXPERIENCE

#### Junior Developer

📅 May / 2024-Ongoing

Quantum Solutions LLC

📍 Phoenix, AZ

1. Installed TIBCO products including TRA, Business Works, and ADB adapters to establish a new production environment.
2. Contributed to the architectural design and implementation of integration interfaces.
3. Configured ADB adapters to manage high-volume transactions efficiently.
4. Enhanced logging and exception handling processes, increasing system reliability.
5. Created technical design documents for interfaces as part of the support team handover.
6. Developed SQL queries and stored procedures to aggregate data from multiple databases.
7. Set up TIBCO Hawk rules for real-time application monitoring and alerting.

#### Junior Developer

📅 May / 2023-May / 2024

Crescent Moon Design

📍 Portland, OR

1. Participated in data modeling and logical/physical database design.
2. Developed complex stored procedures and optimized database performance.
3. Assisted application developers in refining complex queue management.
4. Conducted performance analysis and optimization of SQL queries and stored procedures.
5. Evaluated and processed large datasets for reporting and analysis.
6. Maintained comprehensive technical documentation for database processes.

### EDUCATION

#### Bachelor of Science in Computer Science

📅 May / 2022 - May / 2023

State University

📍 Phoenix, AZ

Focused on software development, algorithms, and database management.
