### PROFESSIONAL SUMMARY

Skilled network engineer with 10 years of extensive experience in configuring, monitoring, and troubleshooting complex LAN/WAN infrastructures. Proficient in implementing security measures and optimizing network performance. Ready to apply my technical skills and problem-solving abilities to enhance connectivity and support organizational objectives as a Junior Network Engineer.

### WORK EXPERIENCE

**Junior Network Engineer I** Jan / 2018-Ongoing  
**Blue Sky Innovations** Chicago, IL

- Executed IOS upgrades on Cisco Catalyst switches and routers, enhancing network stability.
- Managed installation, maintenance, and troubleshooting of LAN/WAN technologies including ISDN, Frame Relay, and DHCP.
- Configured Access Control Lists to secure network access while maintaining application availability.
- Implemented Spanning Tree Protocol (STP) for loop prevention and VLAN Trunking Protocol (VTP) for efficient routing.
- Delivered tier one support for medical systems, assisting over 500 users with technical issues.
- Coordinated remote router setups, ensuring seamless connectivity for field technicians.
- Configured Cisco devices for training labs, supporting CCNA/CCNP certification programs.

**Junior Network Engineer** Jan / 2015-Jan / 2018  
**Lakeside Apparel Co** Chicago, IL

- Installed and organized cabling for network racks, ensuring optimal setup.
- Collaborated on projects to enhance production equipment performance.
- Drafted technical documentation to support training initiatives.
- Responded to network support tickets, resolving hardware and software issues efficiently.
- Managed LAN/WAN networking with a focus on Cisco routers and switches.
- Utilized protocols such as TCP/IP, DHCP, and DNS for effective network management.

### EDUCATION

**Bachelor of Science in Information Technology** Jan / 2012 - Jan / 2015  
**Tech University** Phoenix, AZ

Focused on networking, security, and systems management.

### SKILLS

### INTERESTS

- Scuba Diving
- E-sports
- Reading Fiction
- Puzzle Solving

### STRENGTHS

- Stewardship
- Teamwork
- Tenacity
- Vision

### LANGUAGES

### ACHIEVEMENTS

- Successfully upgraded IOS on Cisco devices, improving system performance by 30%.
- Reduced network downtime by 25% through effective troubleshooting and maintenance.
- Implemented a new security protocol that decreased unauthorized access incidents by 40%.
- Designed and executed a network optimization project that enhanced data transfer speeds by 20%.
