SKILLS

Field Sampling Techniques

Chemical Analysis

Bioinformatics Tools

Microbial Techniques

Cell Culture Techniques

Genetic Analysis

INTERESTS

✎ Birdwatching   🔭 Traveling

💼 Sports Coaching   🏆 Knitting

## STRENGTHS

⚒ Pragmatism   🍃 Sensitivity
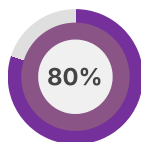

♡ Sincerity   ⚓ Stability

LANGUAGES

80% English

80% Swahili

80% Spanish

ACHIEVEMENTS

⭐ Developed a predictive model that increased forecast accuracy by 20%.

⭐ Automated data cleaning processes, reducing processing time by 30%.

PROFESSIONAL SUMMARY

Analytical Data Scientist with 7 years of experience in statistical modeling and machine learning. Adept at transforming complex datasets into actionable insights that drive business decisions. Passionate about leveraging data to solve real-world problems and enhance operational strategies in a collaborative environment.

WORK EXPERIENCE

Data Scientist- Jr
Seaside Innovations

📅 May / 2020-Ongoing
📍 Santa Monica, CA

1. Analyzed and interpreted complex datasets using statistical software to inform strategic decisions.
2. Developed predictive models to enhance product development and optimize marketing strategies.
3. Collaborated with cross-functional teams to identify data needs and ensure alignment with business objectives.
4. Created visualizations and reports to communicate insights effectively to stakeholders.
5. Engaged in data cleaning and preprocessing to maintain data integrity for analysis.
6. Conducted A/B testing to evaluate the effectiveness of marketing campaigns.
7. Trained team members on data analysis best practices and software tools.

Junior Scientist
Crescent Moon Design

📅 May / 2018-May / 2020
📍 Portland, OR

1. Participated in the development of machine learning models to analyze user behaviors and improve customer experiences.
2. Assisted in the design and implementation of data collection systems for various projects.
3. Performed exploratory data analysis to uncover insights and trends in large datasets.
4. Collaborated with engineers to integrate data-driven solutions into existing systems.
5. Contributed to the documentation of data processes and methodologies for future reference.
6. Supported the execution of data-related projects within established timelines.

EDUCATION

Bachelor of Science in Data Science
University of California, Berkeley

📅 May / 2016-May / 2018
📍 Santa Monica, CA

Focused on statistical analysis, machine learning, and data visualization techniques.
