

ETHAN MARTINEZ

Junior Software Engineer

PROFESSIONAL SUMMARY

Dynamic Junior Software Engineer with 5 years of experience in developing software solutions using Java, SQL, and HTML5. Proven track record of enhancing application performance and user experience through effective coding practices. Excited to leverage my collaborative skills and technical expertise to contribute to innovative projects and drive successful outcomes.

WORK EXPERIENCE

Junior Software Engineer

Jan / 2021-Ongoing

Maple Leaf Consulting

Toronto, ON

1. Designed and developed web applications using Java, HTML5, and CSS3, enhancing user experience and functionality.
2. Collaborated with cross-functional teams to implement agile methodologies, ensuring timely project delivery.
3. Utilized Git for version control, managing feature branches and conducting code reviews effectively.
4. Developed SQL scripts for data analysis and reporting, improving data-driven decision-making processes.
5. Participated in daily stand-ups and sprint planning to align team goals and address challenges proactively.
6. Integrated third-party APIs to extend application functionality and improve user engagement.
7. Conducted thorough testing and debugging to ensure high-quality software delivery.

Software Engineer

Jan / 2020-Jan / 2021

Lakeside Apparel Co

Chicago, IL

1. Led the design and development of web pages using ASP.NET, HTML, and JavaScript, focusing on user-friendly interfaces.
2. Implemented AJAX and web services to enhance application interactivity and responsiveness.
3. Designed and developed SQL Server database objects, optimizing queries for performance.
4. Documented technical specifications and user guides to facilitate onboarding and project handover.
5. Worked closely with stakeholders to gather requirements and translate them into technical solutions.
6. Developed unit tests to ensure code reliability and maintainability.

EDUCATION

Bachelor of Science in Computer Science

Jan / 2019-Jan / 2020

University of Technology

Phoenix, AZ

Focused on software development, database management, and web technologies.
