ACHIEVEMENTS

- ★ Improved lab efficiency by 20% through process optimization.
- ★ Reduced equipment downtime by 30% with proactive maintenance strategies.

PROFESSIONAL SUMMARY

Detail-oriented Lab Engineer with 5 years of experience in laboratory operations, equipment maintenance, and data analysis. Proven ability to enhance lab efficiency and ensure compliance with safety standards.

WORK EXPERIENCE

Lab Engineer

Seaside Innovations

📅 Dec / 2020-Ongoing

📍 Santa Monica, CA

1. Troubleshoot and repaired laboratory equipment, ensuring optimal performance and compliance with safety standards.
2. Performed routine maintenance and calibration of lab instruments, enhancing reliability and accuracy.
3. Managed inventory of lab supplies, ensuring timely procurement and availability for ongoing experiments.
4. Developed and documented standard operating procedures for various lab processes, improving consistency and training.
5. Conducted experiments and analyzed data, providing insights that informed project direction and decision-making.
6. Collaborated with cross-functional teams to support research initiatives and troubleshoot technical issues.
7. Maintained a clean and organized lab environment, adhering to safety protocols and regulations.

Lab Engineer

Silver Lake Enterprises

📅 Dec / 2019-Dec / 2020

📍 Seattle, WA

1. Executed performance testing on various lab equipment, ensuring compliance with industry standards.
2. Provided tier 1-2 support for lab systems, troubleshooting and resolving technical issues efficiently.
3. Created and managed OS images for lab computers, streamlining system deployment and updates.
4. Diagnosed network connectivity issues, ensuring seamless operation of lab equipment.
5. Conducted software troubleshooting for new server builds, enhancing system reliability.

EDUCATION

Bachelor of Science in Chemistry

University of California

📅 Dec / 2018-Dec / 2019

📍 Toronto, ON

Focused on analytical chemistry and laboratory techniques, gaining hands-on experience in various lab settings.
