Seeks to attain a most challenging position addressing the needs of inner-city youth through community outreach and diverse avenues of communication.

WORK EXPERIENCE

Lathe Machine Operator

ABC Corporation - November 2007 - September 2015

Responsibilities:

- Used a 3 point MIC to test width on ATV gears while maintaining caliber to ensure the thickness is correct.
- Utilized the pic tester to guarantee surface smoothness and offset machines according to specifications.
- Changed tools to make sure cut was correct and also ran tap machine to drill holes.
- Use a computer-controlled machine to fabricate couplings to connect underground piping.
- Calculated the amount of material to be fed into the lathes machine.
- Made adjustments to the operating speed based on vibrations.
- Inspected each finished coupling to verify that it meets specifications.

Lathe Machine Operator

Delta Corporation - 2002 - 2007

Responsibilities:

- Used a 3 point MIC to test width on ATV gears while maintaining caliber to ensure the thickness is correct.
- Utilized the pic tester to guarantee surface smoothness and offset machines according to specifications.
- Changed tools to make sure cut was correct and also ran tap machine to drill holes.
- Use a computer-controlled machine to fabricate couplings to connect underground piping.
- Calculated the amount of material to be fed into the lathes machine.
- Made adjustments to the operating speed based on vibrations.
- Also inspected each finished coupling to verify that it meets specification.
