🌟 Implemented process improvements that reduced launch cycle time by 20%, enhancing overall efficiency.

🌟 Developed and executed a comprehensive risk management strategy, minimizing project delays by 30%.

👤 PROFESSIONAL SUMMARY

Accomplished Senior Launch Manager with over a decade of experience in orchestrating successful product introductions in the automotive industry. Expertise in strategic project management, cross-functional team leadership, and driving operational excellence. Proven ability to enhance product quality and optimize launch processes, ensuring alignment with corporate goals and market demands.

💼 WORK EXPERIENCE

Senior Launch Manager

📅 Feb / 2018-Ongoing

Quantum Solutions LLC

📍 Phoenix, AZ

1. Collaborated with Program Management to meet all Phase requirements and deliverables for product launches.
2. Ensured launch goals were met by applying JCI business standards and best practices.
3. Scheduled and facilitated Launch Readiness Reviews (LRRs) for all assigned projects.
4. Coordinated activities of the Plant's Launch Team to ensure compliance with the JCI Plant Launch Glide Path System.
5. Established and managed startup budgets for assigned projects in collaboration with plant controllers.
6. Oversaw budget adherence throughout the fiscal year, ensuring project expenditures aligned with the approved budget.
7. Set up quality control boards for manufacturing processes to monitor compliance and performance.

Launch Manager

📅 Feb / 2015-Feb / 2018

Silver Lake Enterprises

📍 Seattle, WA

1. Engaged directly with clients to exceed program expectations and manage on-site events within the region.
2. Negotiated sponsorship fees and contracts with event organizers to optimize logistics and budget.
3. Coordinated comprehensive event logistics, including setup, staffing, and strike operations.
4. Directed new product launches for multiple automotive lines, ensuring strategic alignment with corporate initiatives.
5. Led the launch of Tier I exhaust system programs, managing tooling, capital appropriations, and APQP documentation.
6. Maintained daily communications with customers regarding technical and financial program developments.

🎓 EDUCATION

Bachelor of Science in Engineering

📅 Feb / 2012-Feb / 2015

University of Michigan

📍 Chicago, IL

Focused on automotive engineering principles, including product design and project management methodologies.
