🌟 ACHIEVEMENTS

★ Reduced specimen processing errors by 20% through the implementation of standard operating procedures.

★ Enhanced training program for new lab assistants, resulting in a 30% faster onboarding process.

👤 PROFESSIONAL SUMMARY

Accomplished Lead Lab Assistant with 7 years of experience in laboratory settings. Adept at training staff, optimizing workflows, and ensuring compliance with safety protocols. Proven track record of enhancing lab operations and maintaining high standards of accuracy and efficiency. Committed to fostering a collaborative environment while delivering exceptional results.

💼 WORK EXPERIENCE

Lead Lab Assistant

📅 Jun / 2021-Ongoing

Pineapple Enterprises

📍 Santa Monica, CA

1. Collaborated with laboratory supervisors to ensure adherence to protocols and enhance operational efficiency.
2. Developed and implemented staff schedules, optimizing resource allocation based on workload demands.
3. Maintained accurate records of laboratory activities, including workload statistics and personnel training documentation.
4. Oversaw the training and development of new laboratory personnel, ensuring compliance with safety and operational guidelines.
5. Performed advanced laboratory techniques, providing backup support across various lab functions.
6. Participated in safety audits and enforced compliance with biohazard and infection control standards.
7. Conducted regular reviews of laboratory procedures to identify areas for improvement and implement best practices.

Lead Lab Assistant

📅 Jun / 2018-Jun / 2021

Crescent Moon Design

📍 Portland, OR

1. Assisted in training lab assistants on operational procedures and safety protocols.
2. Monitored specimen integrity and ensured timely processing of blood draws.
3. Facilitated communication between lab staff and phlebotomy teams to enhance workflow.
4. Updated laboratory manuals to reflect current procedures and specimen requirements.
5. Coordinated scheduling for lab assistants to ensure adequate coverage during peak hours.
6. Provided orientation sessions for new team members on lab equipment and processes.

🎓 EDUCATION

Bachelor of Science in Biology

📅 Jun / 2015-Jun / 2018

University of Florida

📍 Portland, OR

Focused on laboratory techniques, research methodologies, and biological sciences.
