Work Experience

Life Science Teacher

ABC Corporation - September 2012 - October 2014

- Taught Life Science, Human Anatomy, and basic Biology for two years as a long term substitute teacher.
- Lesson planning, assessment, and analyzing data to meet student outcomes and Standards.
- Developed respectful relationships with my students and colleagues.
- Created a fun and safe learning environment for my students.
- Many of the students were nervous about science classes, however they began to look forward to coming to class each day.
- Developed clear expectations for each student based on their individual abilities.
- Detailed lesson plans are organized in order to gain students attention and to meet learner outcomes.

Life Science Teacher

Delta Corporation - 2009 - 2012

- Put into action clear expectations for students.
- Arranged goal oriented routines for students to follow.
- Created curriculum for learner outcomes based on 7th grade Minnesota Standards.
- Promoted a democratic classroom environment.
- Implemented fun and exciting learning strategies and activities.
- Employed formative and summative assessment for learners outcomes.
- Reflected on personal teaching techniques and strategies.

Education

BA in Biology, Education - January 2006(Hamline University - Saint Paul, MN)
