WORK EXPERIENCE

Lighting Technician II

ABC Corporation - November 2014 - June 2015

Responsibilities:

- Interpreted and validated technical issues, test solutions, follow-up and escalate when necessary.
- Installed electrical conduit and wiring for power, controls, and lighting.
- Cleaned work sites, including hauling debris and trash, cleaning tools and storing equipment.
- Completed daily inspections of all electronic equipment.
- Reported all unsafe activities, situations and potential hazards to the supervisor.
- Interpreted electric and electronic schematics and mechanical layouts to diagnose equipment problems.
- Changed ballasts, and replaced retrofit light fixtures.

Lighting Technician

ABC Corporation - 2011 - 2014

Responsibilities:

- Check inventory, hang light fixtures, meet with customers, explain what's being done, sold old fixtures, do repairs, customer service.
- Made everyone work quicker and more efficiently, made it a much more friendly environment where all workers wanted to come to work, helped everyone with their tasks and assigned them at times.
- Skills Used When I worked for powerhouse multitasking was a big deal.
- Was constantly helping customers while repairing lights.
- Between verbally communicating and physical work, we did it all.
- In my free time I would spend my time selling old lighting fixtures and talking the company up trying to recruit new employees.
- This is Dummy Description data, Replace with job description relevant to your current role.
