

WILLIAM PEREZ

Mechanical Engineering Manager

✉ support@qwikresume.com ☎ (123) 456 7899 📍 Los Angeles 🌐 www.qwikresume.com

PROFESSIONAL SUMMARY

Visionary Mechanical Engineering Manager with a decade of experience steering engineering teams to achieve excellence in product development. Adept in mechanical design, project execution, and optimizing processes to enhance operational efficiency. Dedicated to driving innovation and aligning engineering initiatives with corporate strategies for sustained growth.

WORK EXPERIENCE

Mechanical Engineering Manager 📅 Apr / 2019-Ongoing
Pineapple Enterprises 📍 Santa Monica, CA

- 1. Drove innovation and execution on product design, automation, tooling, and fixturing to meet project forecasts and budgets.
- 2. Oversaw all mechanical design aspects for the San Jose facility, ensuring seamless transition from engineering to production.
- 3. Ensured compliance with specifications while providing technical documentation and cost inputs for bids and proposals.
- 4. Lead cross-functional teams to design and implement mechanical systems and components.
- 5. Aligned cross-functional teams to develop design guidelines and procedures, enhancing quality and consistency across technical capabilities.
- 6. Facilitated career development for mechanical engineers and designers by promoting innovation and strategic goal setting.
- 7. Managed and mentored staff in product design, tooling, automation, and reliability analysis, fostering a culture of excellence.

Mechanical Engineering Manager 📅 Apr / 2015-Apr / 2019
Lakeside Apparel Co 📍 Chicago, IL

- 1. Led engineering evaluations for catalyst-based coal gasification projects, assessing potential plant sites and their infrastructure.
- 2. Reviewed existing utilities and determined property viability for facility support, ensuring compliance with zoning regulations.
- 3. Acted as the primary manager for junior engineers, guiding their professional growth and project contributions.
- 4. Contributed to staffing plans, ensuring alignment with engineering project demands and resource availability.

EDUCATION

Master of Science in Mechanical Engineering 📅 Apr / 2012 - Apr / 2015
Stanford University 📍 Denver, CO

Focused on advanced mechanical systems and design methodologies.
