PROFESSIONAL SUMMARY

With a decade of specialized experience as a Metal Grinder, I excel in precision grinding and metal finishing. My expertise in operating advanced grinding machinery ensures high-quality outcomes while adhering to safety standards. I am dedicated to enhancing productivity and fostering a collaborative work environment, continuously striving for operational excellence.

WORK EXPERIENCE

Metal Grinder
Seaside Innovations
Apr / 2018-Ongoing
Santa Monica, CA

- Operated and maintained precision grinding machines to produce high-quality metal components.
- Executed metal finishing processes, ensuring adherence to strict quality standards.
- Set up and operate metal grinding machines to produce precision parts.
- Conducted routine inspections and preventive maintenance on grinding equipment.
- Utilized various grinding techniques to shape and polish metal parts for optimal performance.
- Documented production data and maintained accurate records of grinding operations.
- Trained new employees on safe and effective grinding practices.

Metal Grinder
Summit Peak Industries
Apr / 2015-Apr / 2018
Denver, CO

- Coordinated with team members to enhance production flow, achieving a 95% on-time delivery rate.
- Performed detailed grinding of metal castings, preparing them for finishing and shipping.
- Utilized precision tools to grind and shape metals according to project specifications.
- Ensured smooth surface finishes on metal parts for welding and assembly.
- Operated heavy machinery, including cranes, for material handling and transport.
- Maintained a clean and organized workspace to comply with safety regulations.

EDUCATION

Associate of Applied Science in Manufacturing Technology
Tech Valley Community College
Apr / 2012 - Apr / 2015
Seattle, WA
Focused on machining processes, including grinding and finishing techniques.
