PROFESSIONAL SUMMARY

Meteorologist with 2 years of experience analyzing atmospheric data and generating precise weather forecasts. Skilled in leveraging advanced meteorological tools to support aviation, transportation, and emergency management. Eager to contribute expertise in a dynamic team environment, enhancing public safety through accurate weather prediction.

WORK EXPERIENCE

Meteorologist
WidgetWorks Inc.

📅 Feb / 2024-Ongoing
📍 Denver, CO

1. Analyzes and interprets data gathered by surface and upper-air stations, satellites, and radar to prepare accurate weather reports and forecasts.
2. Prepares specialized forecasts and briefings for air and sea transportation, focusing on safety and operational efficiency.
3. Utilizes meteorological equipment, including weather balloons and radiosondes, to collect and assess atmospheric data effectively.
4. Delivers timely forecasts tailored to military aircraft operations, ensuring mission success.
5. Assists in forecasting severe weather events, including hurricanes and natural disasters, to support emergency management efforts.
6. Conducts detailed pilot briefings for military missions, ensuring accurate weather information is communicated.
7. Generates precise Terminal Aerodrome Forecasts for various locations, contributing to aviation safety.

Meteorologist
Summit Peak Industries

📅 Feb / 2023-Feb / 2024
📍 Denver, CO

1. Supervised a team of 3 forecasters, providing continuous weather support to over 40 Department of Defense locations.
2. Coordinated mission planning for Army Special Forces operations, ensuring accurate weather assessments.
3. Forecasted weather conditions for air operations across Iraq, Kuwait, Qatar, and Saudi Arabia.
4. Met strict deadlines for delivering technical weather reports to utility companies and military planners.
5. Provided daily weather information to pilots, enhancing operational safety and efficiency.
6. Produced comprehensive weather analyses and forecasts for aircrews and senior leaders at multiple DoD locations.

EDUCATION

Bachelor of Science in Meteorology
University of Oklahoma

📅 Feb / 2022-Feb / 2023
📍 Toronto, ON

Studied atmospheric sciences, weather forecasting, and climate analysis.

SKILLS

Weather Data Analysis	Meteorological Forecasting	Weather Forecasting	Data Analysis

ACHIEVEMENTS

⭐ Developed and implemented a new weather reporting system that increased forecast accuracy by 15%.

⭐ Conducted over 50 detailed briefings for military operations, enhancing mission planning efficiency.

⭐ Collaborated on a research project that improved hurricane prediction models, reducing response time by 20%.
