## ACHIEVEMENTS

🏆 Reduced mold production time by 20% through process optimization and effective resource management.

🏆 Successfully led a team in the design and implementation of a new mold for a high-demand product, increasing production capacity by 30%.

## PROFESSIONAL SUMMARY

Seasoned Mold Maker with 7 years of extensive experience in mold design, fabrication, and repair for plastic injection. Proficient in advanced machining techniques and quality control, ensuring optimal production efficiency and safety. Ready to apply my expertise to enhance mold-making processes and drive high-quality manufacturing outcomes.

## WORK EXPERIENCE

### Mold maker/Representative

📅 Jan / 2020-Ongoing

Seaside Innovations

📍 Santa Monica, CA

1. Designed and built custom molds for various applications, enhancing production efficiency.
2. Planned tooling, selected materials, and executed detailed machining operations to meet project specifications.
3. Applied problem-solving skills to optimize mold designs, ensuring high-quality output.
4. Conducted thorough inspections to identify quality issues and implemented corrective actions.
5. Gained hands-on experience in mold setup and operational procedures to ensure seamless production.
6. Managed mold repair and maintenance tasks, improving longevity and functionality.
7. Utilized advanced toolroom skills, including milling and precision grinding, to achieve high standards of craftsmanship.

### Mold maker/Representative

📅 Jan / 2018-Jan / 2020

Lakeside Apparel Co

📍 Chicago, IL

1. Led a team of mold makers and machinists, ensuring efficient workflow and adherence to production schedules.
2. Supervised tool room operations, maintaining high standards of safety and quality.
3. Coordinated mold repairs and reworks, leveraging both internal and external resources for optimal results.
4. Collaborated with engineering and QA teams to resolve mold-related issues and improve processes.
5. Participated in the design and fabrication of molds for new product lines, contributing to innovation.

## EDUCATION

### Associate of Applied Science in Manufacturing Technology

📅 Jan / 2016 - Jan / 2018

Technical College of the Lowcountry

📍 Chicago, IL

Focused on advanced manufacturing processes, including mold design and tooling.
