

Robert Smith

Molder Operator/Executive

PERSONAL STATEMENT

Highly motivated, enthusiastic, and dedicated professional with experience in the manufacturing industry, Proven ability to work independently.

WORK EXPERIENCE

Molder Operator/Executive

ABC Corporation - September 2013 - April 2015

Responsibilities:

- Stacked them on skids and strap them, then use a pallet jack to transfer them to the next area.
- Worked every day, on time, and carried out duties.
- Operated and monitored molder machine.
- Scanned device to scan bar codes, sometimes would do it manually.
- Carried out duties without constant supervisory instructions.
- Setup up and operated a molder, set the specs to cut specialty parts, heavy lifting, problem-solving, little fork truck operation, manually.
- Cut specialty parts, than helped set up other machines.

Molder Operator

Autoneum - 2010 - 2013

Responsibilities:

- I mold carpet for bmw and Mercedes cars thats heated up in a oven up to 1,000 degrees, take it off using welding gloves and place it onto the molding machine.
- My greatest impact has been learning to work in this type of environment.
- There are many different factors such as working in heat, working in a small group, and also working at a fast steady pace.
- So I became a team player quickly.
- Skills Used The skills I demonstrated the most was being able to work fast, but also at a rate where I am doing things right the first time.
- Also became a great leader and I help out the new people that start out as temps..
