## **Molding Operator**

🖂 support@qwikresume.com 📞 (123) 456 7899 💡 Los Angeles 🚱 www.qwikresume.com

## PROFESSIONAL SUMMARY

Proficient Molding Operator with two years of experience in plastic manufacturing. Demonstrates expertise in operating molding machines, conducting quality inspections, and optimizing production workflows. Focused on safety and efficiency, with a strong commitment to achieving production goals. Ready to leverage skills in molding processes to drive operational excellence.

### **WORK EXPERIENCE**

#### **Molding Operator**

Apr / 2024-Ongoing

#### Quantum Solutions LLC

F Phoenix, AZ

- 1. Operated molding machines, maximizing efficiency and ensuring product quality.
- 2. Performed quality inspections of molded parts to meet specifications.
- 3. Trimmed excess material from finished products for optimal presentation.
- 4. Conducted routine checks and maintenance on machines to prevent malfunctions.
- 5. Ran initial production samples to verify quality standards.
- 6. Executed metal and plastic molding processes with precision.
- 7. Collaborated with team members to enhance production workflows.

### **Molding Operator**

## Apr / 2023-Apr / 2024

#### Silver Lake Enterprises

**耳** Seattle, WA

- 1. Operated injection and compression molding machines with a focus on safety.
- 2. Designed and developed new molds and processes to improve production efficiency.
- 3. Documented manufacturing instructions and maintained accurate production records.
- 4. Mixed and prepared materials, including catalysts and pigments, for moldina.
- 5. Maintained and repaired molding equipment to ensure optimal
- 6. Collaborated with engineering teams on process improvements and cost reductions.

#### **EDUCATION**

# Associate of Applied Science in Manufacturing Technology

Apr / Apr / 2023

Tech Institute

Fortland, OR

Focused on manufacturing processes, quality control, and machine operation.

### **SKILLS**
