### PROFESSIONAL SUMMARY

Accomplished Network Design Engineer with over 7 years of experience in architecting and optimizing complex network systems. Proficient in implementing advanced solutions, including VoIP and security protocols, while conducting thorough capacity planning. Committed to enhancing network performance and reliability through innovative design and proactive troubleshooting.

### WORK EXPERIENCE

#### Network Design Engineer

📅 Feb / 2021-Ongoing

Quantum Solutions LLC

📍 Phoenix, AZ

1. Create comprehensive engineering and installation design packages for operations and engineering teams, ensuring seamless network activation.
2. Lead audits of network records and collaborate with cross-functional teams to resolve inventory discrepancies.
3. Oversee TID management and IP allocation for network interfaces, ensuring compliance with operational standards.
4. Maintain accurate site objects and service path designs within the network management system.
5. Develop process flow diagrams tailored to specific orders and market needs.
6. Enhance user experience and satisfaction through continuous process improvement initiatives.
7. Design and manage small to large-scale network projects, ensuring timely delivery of all project milestones.

#### Network Design Engineer

📅 Feb / 2018-Feb / 2021

Silver Lake Enterprises

📍 Seattle, WA

1. Manage site objects and service path designs in the network management system, ensuring data integrity and accuracy.
2. Create detailed process flow diagrams for various order types, improving operational efficiency.
3. Conduct process improvements to enhance user satisfaction and system performance.
4. Design and implement network projects, ensuring deliverables align with business objectives.
5. Revise process documentation and validate changes in the operational environment for accuracy.
6. Collaborate with engineering teams to troubleshoot and resolve network issues effectively.

### EDUCATION

#### Bachelor of Science in Network Engineering

📅 Feb / 2015 - Feb / 2018

Tech University

📍 Portland, OR

Focused on advanced network design, protocols, and security measures.

### SKILLS

#### Network Protocols

#### Network Architecture Design

#### Network Architecture

#### Troubleshooting Skills

#### Voip Solutions

#### Bgp Configuration

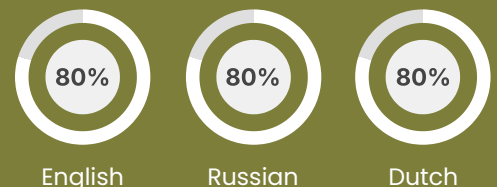

### INTERESTS

- 🤿 Scuba Diving    🎮 E-sports  
🗣 Reading Fiction    📖 Puzzle Solving

### STRENGTHS

- 📋 Stewardship    👥 Teamwork  
🔑 Tenacity    🏠 Vision

### LANGUAGES

### ACHIEVEMENTS

- ★ Successfully designed and deployed a scalable VoIP infrastructure, improving communication efficiency by 30%.  
★ Led a cross-functional team to resolve network performance issues, resulting in a 25% reduction in downtime.
