👤 PROFESSIONAL SUMMARY

Resourceful Network Installer with 5 years of experience in the design, installation, and maintenance of network infrastructure. Expertise in troubleshooting diverse network issues and optimizing system performance for enhanced reliability. Committed to delivering exceptional service while ensuring seamless connectivity and client satisfaction.

🖥 WORK EXPERIENCE

Network Installer
WidgetWorks Inc.

📅 Feb / 2021-Ongoing
📍 Denver, CO

1. Installed, troubleshot, and repaired telecommunication equipment, including Digital Multiplexers for voice and data communications networks.
2. Installed, tested, spliced, and repaired copper cabling, ensuring optimal signal quality.
3. Participated in the installation of wireless networks and access points.
4. Utilized network monitoring tools to analyze traffic and performance metrics.
5. Resolved hardware and software conflicts affecting network performance.
6. Executed comprehensive testing protocols to validate network performance post-installation.
7. Collaborated with clients to tailor network solutions to their specific needs, enhancing overall satisfaction.

Network Installer
Crescent Moon Design

📅 Feb / 2020-Feb / 2021
📍 Portland, OR

1. As an Independent Contractor, executed residential telephone and infrastructure installations, reading blueprints and schematics for effective site surveys.
2. Performed network cable installation for the Clayton Police Department, ensuring compliance with local regulations.
3. Completed a one-week contract job delivering high-quality network installations.
4. Routed Cat 5 and fiber cables, terminating and testing network lines to ensure reliability.
5. Executed TCP/IP network layout and physical construction, including termination of Cat 5 Ethernet and single-mode fiber optic cables.
6. Upgraded network wiring across multiple buildings on the Western Michigan University campus, improving overall connectivity.
