ACHIEVEMENTS

★ Enhanced network capacity by 15% through strategic planning initiatives.

★ Successfully managed project timelines, resulting in a 10% reduction in implementation delays.

PROFESSIONAL SUMMARY

Resourceful Network Planner with two years of experience in enhancing network design and capacity optimization. Demonstrated expertise in analyzing operational metrics and implementing effective solutions to improve service delivery. Looking to apply analytical skills and technical knowledge to contribute to innovative network planning initiatives.

WORK EXPERIENCE

Network Planner

📅 Feb / 2024-Ongoing

Blue Sky Innovations

📍 Chicago, IL

1. Managed wireless network planning, focusing on capacity management and equipment deployment across California and Arizona.
2. Coordinated with engineering teams to establish accurate timelines for tower readiness and completion.
3. Obtained essential codes and network identifiers for operations, including NPANXX and CILLI codes.
4. Administered company codes in LERG and maintained industry databases for compliance.
5. Developed control measures and reporting structures to ensure precise network routing and translations.
6. Analyzed network performance metrics to identify areas for improvement.
7. Collaborated with cross-functional teams to enhance operational efficiency.

Network Planner

📅 Feb / 2023-Feb / 2024

Cactus Creek Solutions

📍 Phoenix, AZ

1. Oversaw both wireless and landline communications, ensuring effective equipment lifecycle management.
2. Addressed equipment-related issues for over 12,000 personnel, enhancing operational continuity.
3. Managed more than 470 wireless phone numbers for upper management and subordinate groups.
4. Played a key role in establishing wireless communications for a new unit of 250 personnel.
5. Produced strategic designs for wireless switching and related network elements.
6. Conducted analysis of switching, backbone, and interconnection facilities to optimize performance.

EDUCATION

Bachelor of Science in Network Engineering

📅 Feb / 2022 - Feb / 2023

State University

📍 Toronto, ON

Focused on network architecture, design, and optimization.
