## WORK EXPERIENCE

Newborn/Pediatric Nurse Care Manager  
WidgetWorks Inc.    Feb / 2024-Ongoing  
Denver, CO

- Initiated and coordinated continuity of care for newborns and pediatric patients, including referrals and prior authorizations.
- Maintained emergency medication inventory and communicated effectively with health insurance providers, specialists, and DME suppliers.
- Conducted bilingual health assessments, screenings, immunizations, and health education tailored for chronic pediatric conditions.
- Developed and implemented culturally competent educational materials for parents on diabetes and asthma management.
- Triaged pediatric patients to create individualized care plans based on urgent needs and family input.
- Led interdisciplinary team meetings to document and execute comprehensive plans of care for pediatric patients.
- Organized community health initiatives to promote pediatric health screenings and vaccinations for uninsured families.

Triage Nurse  
Lakeside Apparel Co    Feb / 2023-Feb / 2024  
Chicago, IL

- Triaged pediatric patients in multiple languages, ensuring effective communication and understanding of care needs.
- Obtained detailed medical histories and provided immediate care for urgent pediatric health issues.
- Educated families on common pediatric illnesses, nutrition, and chronic disease management with cultural sensitivity.
- Coordinated transitional care for pediatric patients moving from hospital to home settings, ensuring continuity of care.
- Administered direct patient care, including IV fluids, injectable medications, and vaccines in compliance with protocols.
- Managed program operations, including staffing, budgets, and achieving financial goals within pediatric services.
