PROFESSIONAL SUMMARY

Accomplished Observer Controller Trainer with 7 years of military expertise in developing and executing tailored training programs to enhance operational effectiveness. Proven ability to mentor diverse teams through comprehensive evaluations and detailed feedback, fostering a culture of readiness and continuous improvement. Committed to optimizing mission success through innovative training methodologies.

WORK EXPERIENCE

Observer Controller Trainer

Jun / 2021-Ongoing

Quantum Solutions LLC

Phoenix, AZ

1. Collaborated with exercise planning teams to create and execute AITEC exercises that align with operational goals.
2. Conducted thorough needs assessments with supported units, generating detailed reports to address training requirements.
3. Provided regular progress updates to government officials during planning phases, ensuring transparency and alignment.
4. Performed real-time intelligence analysis to inform course development and evaluation criteria tailored to unique mission needs.
5. Engineered training aids and props to create realistic scenarios that meet specific operational requirements.
6. Crafted Training Plans (TP) and Plans of Instruction (POI) that directly supported successful training events and exercises.
7. Ensured all training events adhered to established concepts of operations, meeting the objectives of supported organizations.

Observer Controller Trainer

Jun / 2018-Jun / 2021

Cactus Creek Solutions

Phoenix, AZ

1. Participated in multiple training missions at Fort Bliss, enhancing skills in preparation for active duty assignments.
2. Oversaw the training and development of Supply System Technicians and logisticians, improving tactical supply support proficiency.
3. Evaluated supply operations against Army doctrine, recommending actionable improvements that enhanced efficiency.
4. Managed a team of 60 Soldiers across two states, ensuring accountability for property valued over \$950,000.
5. Coached military personnel from all branches in Tactical Convoy Operations (TCO), enhancing operational readiness.
6. Served as a technical expert, providing guidance on both kinetic and non-kinetic training scenarios.
