PROFESSIONAL SUMMARY

Results-driven ODI Developer with 10 years of experience in designing and implementing ETL processes. Proficient in Oracle Data Integrator, data modeling, and performance optimization to enhance data workflows.

WORK EXPERIENCE

Jr. Odi Developer
📅 Jan / 2018-Ongoing

WidgetWorks Inc.
📍 Denver, CO

1. Designed and implemented complex ETL processes using Oracle Data Integrator to streamline data workflows.
2. Developed data models, tables, indexes, and views to enhance database performance and accessibility.
3. Created and managed master and work repositories for ODI, collaborating closely with Oracle DBAs.
4. Conducted thorough source data analysis and created detailed source-to-target mappings for data integration.
5. Utilized ODI for reverse engineering to extract metadata and load it into the repository, ensuring data integrity.
6. Documented all ODI objects, including interfaces, procedures, and packages, to maintain comprehensive project records.
7. Collaborated with cross-functional teams to gather requirements and ensure alignment with business objectives.

Odi Developer
📅 Jan / 2015-Jan / 2018

Silver Lake Enterprises
📍 Seattle, WA

1. Designed interfaces to implement ETL strategies for data population from diverse sources using ODI.
2. Scheduled and managed database queries for off-hours processing, optimizing resource usage.
3. Created comprehensive ODI design documents based on existing Informatica mappings for seamless transition.
4. Developed ODI interfaces and packages using detailed design documents to ensure accuracy.
5. Estimated project tasks and assisted project managers in defining project scope and timelines.

EDUCATION

Master of Science in Computer Science
📅 Jan / 2012 - Jan / 2015

University of California
📍 Denver, CO

Focused on data management, database systems, and ETL processes.

SKILLS

Database Administration

ETL Development

Data Modeling

Performance Tuning

Data Integration

INTERESTS

📋 Gaming   📋 Fashion
📋 Film   📋 Technology

STRENGTHS

📋 Fairness   📋 Flexibility
📋 Forward-thinking   📋 Gratitude

LANGUAGES

English   Russian   Mandarin

ACHIEVEMENTS

⭐ Improved ETL process efficiency by 30% through optimized data workflows.

⭐ Successfully migrated 5TB of data using ODI with zero downtime.
