## EXPERIENCE

### Oil Change Technician I

#### ABC Corporation - MAY 2010 - FEBRUARY 2014

- Make sure the vehicle is in a good and running matter, make sure that the car is stable enough to drive and i make sure that everything is running good.
- Learned how to fix multiple things all at once and have the car run perfectly fine.
- Performed General Physical Activities Making Decisions and Solving Problems Assisting and Caring for Others Updating and Using Relevant Knowledge .
- Drained oil changed filter replaced oil also check air filter wiper blades checked all fluids and air pressed in all tires.
- Preformed tire rotations and transmission fluid draining and replacements.
- Checked tire pressure and add air if needed.
- Communicated with parts department to obtain needed parts.

### Oil Change Technician

#### Delta Corporation - 2007 - 2010

- Change oil and rotate tires.
- As oil tech I would do inspections on cars for any leaks or cracked belts/radiators, oil change, coolant/transmission flushes, rotate/change tires,.
- As front desk I would take pictures of damaged cars, call car companys for car parts and do end of day transactions.
- Would change oil in heavy mining equipment ex.( cat 992g loader, cat d11 dozers, cat 777d Rock trucks, cat 980g loader).
- Would also do repairs on equipment ex.( welding cracks, changing hoses, etc.) I would also work on the a/c units on the equipment.
- Oil change Tire changing.
- My Accomplishments that I had at this job is that I was helping customers that doesnt understand how to do an oil change or how to fix there car in general.
