## Online Tutor

[info@qwikresume.com](mailto:info@qwikresume.com) | <https://Qwikresume.com>

2+ years of experience as an Online Tutor. An energetic and ambitious student interested in building up a resume and gaining experience in the field of biomedical engineering.

### **MAY 2016 - PRESENT**

#### **ONLINE TUTOR - CHEGG.COM**

- Interacting with people of diverse backgrounds, cultures, ages, and educational levels using several different online media.
- Ability to take difficult subjects (with a focus on math and science) and break it down in a way that is easier for students to understand.
- Ability to relate complex questions to things the student may know well to help them see that subject as more relevant to their life.
- Identifying, select, and modify resources to meet students diverse needs to vary lessons and consolidate concepts.
- Using game-based and data-driven features to make studying fun, effective, and tailored to each student.
- Promoting peer-to-peer education through an innovative, high quality, and low-cost platform that can engage students everywhere.
- Tutoring students via a web interface with writing assignments, essays, final papers and various written projects.

### **JANUARY 2016 - MAY 2016**

#### **INVENTORY SPECIALIST - RGIS**

- Become proficient with the RGIS hand held computer and other inventory equipment.
- Achieve APH (average per hour) goals while ensuring accuracy and integrity of data collected.
- Ability to work in various work environments, such as stores, warehouses, outside industries, etc. , with potential exposure to heat or cold.
- Promoted foreman inventory auditor to a specialist (based on APH) within first 7 weeks.
- Improved tutoring abilities, including but not limited to being able to effectively communicate math skills through a chat room like environment.
- Assisted user with basic technical support and became proficient in several math tricks commonly using math formulas, theorems, and identities.
- We work with students that attend schools that have not made AYP. The students we work with have to qualify for free or reduced lunch. We send a computer to there home and they work in the success maker program. I monitor their progress and assign custom course as they need them.
