AVA DAVIS

Oracle DBA

✉ support@qwikresume.com 📞 (123) 456 7899 📍 Los Angeles 🌐 www.qwikresume.com

PROFESSIONAL SUMMARY

Dynamic Oracle DBA with over 6 years of experience in database design, implementation, and maintenance. Expertise in performance tuning, backup and recovery, and database security. Played a pivotal role in a project that integrated Oracle databases with cloud solutions, enhancing scalability and flexibility.

WORK EXPERIENCE

Senior Oracle DBA
WidgetWorks Inc.

📅 Dec / 2020-Ongoing
📍 Denver, CO

1. Executed comprehensive database administration tasks, including installation, configuration, upgrades, and performance tuning for Oracle databases across various environments.
2. Configured Oracle Enterprise Manager Cloud Control 12c for enhanced monitoring, performance tuning, and alert management, improving operational efficiency.
3. Troubleshot and resolved issues in RAC environments, ensuring seamless upgrades from 11.2.0.4 to 12c in QA and development settings.
4. Implemented Automatic Storage Management (ASM) for both RAC and standalone databases, optimizing disk management and performance.
5. Conducted database sizing, transaction management, and security administration, facilitating data migration using Oracle 10g and 11g utilities.
6. Managed multi-terabyte database migrations with minimal downtime, ensuring business continuity and data integrity.
7. Oversaw daily DBA activities, including monitoring, backup and recovery using RMAN, and troubleshooting production issues to maintain optimal database performance.

Oracle DBA
Summit Peak Industries
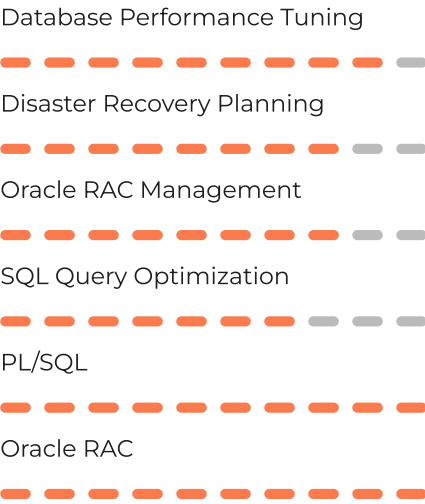

📅 Dec / 2017-Dec / 2020
📍 Denver, CO

1. Monitored database growth and conducted capacity planning to support application expansion and optimize table and index organization.
2. Performed essential database administration tasks, including space management, user roles administration, and alert log monitoring for all databases.
3. Executed traditional cold backups and logical exports in appropriate environments, ensuring data safety and compliance.
4. Automated routine DBA tasks using Grid Control, enhancing efficiency and providing support for SQL tuning during application development.

EDUCATION

Bachelor of Science in Computer Science
University of California

📅 Dec / 2014-Dec / 2017
📍 Seattle, WA

Focused on database management systems, software engineering, and data structures.
