

# SOPHIA BROWN

Junior Pipe Insulator

✉ support@qwikresume.com ☎ (123) 456 7899 📍 Los Angeles 🌐 www.qwikresume.com

## PROFESSIONAL SUMMARY

Enthusiastic Junior Pipe Insulator with two years of practical experience in the installation and insulation of various piping systems. Proficient in selecting and applying insulation materials while adhering to safety protocols. Eager to contribute to team success by improving efficiency and maintaining high industry standards.

## WORK EXPERIENCE

**Junior Pipe Insulator** 📅 Feb / 2024-Ongoing  
**Seaside Innovations** 📍 Santa Monica, CA

- 1. Independently insulates pipes, ducts, and valves to maintain thermal efficiency.
- 2. Utilizes hand tools and equipment for precise insulation application.
- 3. Applies fiberglass and other materials to effectively cover various piping structures.
- 4. Removes and repairs insulation, ensuring compliance with safety standards.
- 5. Seals joints and cracks with insulating cement for optimal performance.
- 6. Adapts to various work environments, lifting heavy materials and accessing difficult areas.
- 7. Ensures quality control in all insulation tasks to meet industry regulations.

**Pipe Insulator** 📅 Feb / 2023-Feb / 2024  
**Cactus Creek Solutions** 📍 Phoenix, AZ

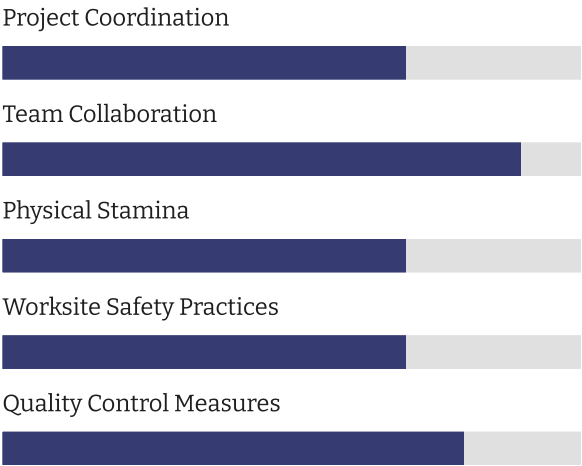

- 1. Assisted experienced insulators in the application of insulation materials during winter projects.
- 2. Engaged in safety training, including scaffold and harness protocols.
- 3. Insulated steam and cold water pipes, ensuring effective thermal performance.
- 4. Constructed insulation blankets for heat trace pipes in oil field applications.

## EDUCATION

**Associate of Applied Science in Industrial Insulation** 📅 Feb / 2022 - Feb / 2023  
**Technical Institute of Illinois** 📍 Toronto, ON

Focused on practical skills in insulation techniques and safety protocols.

## SKILLS

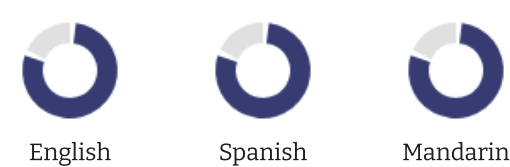

## INTERESTS

- 🎨 Art
- 🧘 Volunteering
- 🌲 Hiking
- 🧘 Yoga

## STRENGTHS

- 🔍 Criticality
- 📋 Detail-oriented
- 🤝 Diplomacy
- 😊 Enthusiasm

## LANGUAGES

## ACHIEVEMENTS

- ★ Successfully insulated over 1000 feet of piping, reducing energy loss by 15%.
- ★ Streamlined insulation installation processes, improving project completion time by 20%.
