PROFESSIONAL SUMMARY

Accomplished Process Improvement Engineer with 2 years of experience focused on enhancing operational workflows and driving efficiency in manufacturing environments. Proficient in Lean methodologies and data analysis, dedicated to implementing continuous improvement initiatives that yield measurable results. Committed to leveraging innovative strategies to foster sustainable practices and optimize productivity.

WORK EXPERIENCE

Process Improvement Engineer

Pineapple Enterprises

📅 Mar / 2024–Ongoing

📍 Santa Monica, CA

1. Led cost-saving and process improvement projects, achieving significant operational efficiencies.
2. Identified key areas for future enhancements to optimize workflows.
3. Managed data analysis activities to support performance monitoring.
4. Created and modified Standard Operating Procedures (SOPs) as needed.
5. Conducted cost analysis to assess the impact of construction programs.
6. Organized root cause analysis teams to address quality issues and reduce costs.
7. Implemented process changes that improved efficiency and reduced waste.

Process Improvement Engineer

Summit Peak Industries

📅 Mar / 2023–Mar / 2024

📍 Denver, CO

1. Redesigned tooling to enhance production performance by 15%.
2. Achieved annual savings of \$3,000 through innovative design improvements.
3. Transitioned from chemical to aqueous processes, improving environmental compliance.
4. Led a project to expand distribution channels, increasing sales by 400%.
5. Implemented a capacity initiative that increased flow rates by 500 lbs./hr.
6. Improved product quality through rigorous monitoring and corrective actions.

EDUCATION

Bachelor of Science in Industrial Engineering

University of Michigan

📅 Mar / 2022 – Mar / 2023

📍 Seattle, WA

Focused on process optimization and systems engineering.
