

# EVELYN WHITE

Lead Processing Operator

✉ support@qwikresume.com ☎ (123) 456 7899 📍 Los Angeles 🌐 www.qwikresume.com

## PROFESSIONAL SUMMARY

Accomplished Lead Processing Operator with 7 years of experience in overseeing production processes and optimizing operational efficiency. Expertise in equipment maintenance, quality control, and safety compliance. A results-oriented professional committed to continuous improvement and team collaboration, driving productivity in dynamic manufacturing environments.

## WORK EXPERIENCE

**Lead Processing Operator** 📅 Apr / 2020-Ongoing  
**Pineapple Enterprises** 📍 Santa Monica, CA

- 1. Oversaw production processes to ensure adherence to quality standards and regulatory compliance.
- 2. Managed equipment maintenance and troubleshooting to minimize downtime and enhance production efficiency.
- 3. Conducted quality control checks and implemented corrective actions to maintain product integrity.
- 4. Collaborated with cross-functional teams to optimize workflows and improve operational performance.
- 5. Documented production data and analyzed trends to identify areas for improvement.
- 6. Trained and mentored team members on safety protocols and operational procedures.
- 7. Developed and maintained standard operating procedures to ensure consistency in production practices.

**Processing Operator** 📅 Apr / 2018-Apr / 2020  
**Summit Peak Industries** 📍 Denver, CO

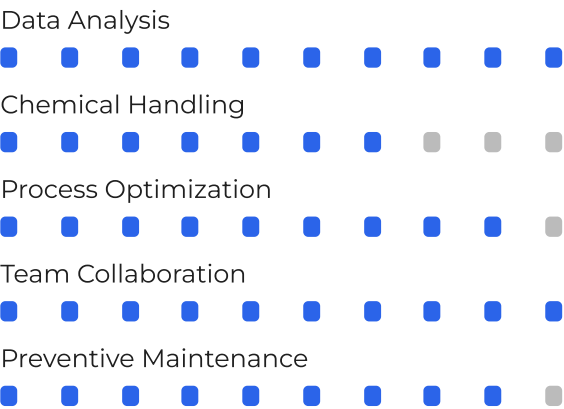

- 1. Set up and operated equipment for the production of nutritional supplements, ensuring quality and safety standards.
- 2. Processed raw materials and monitored production parameters to achieve desired outputs.
- 3. Implemented quality checks during production to ensure compliance with health regulations.
- 4. Managed inventory and coordinated with suppliers for timely delivery of materials.
- 5. Led initiatives to reduce waste and improve resource utilization across production lines.
- 6. Assisted in the development of new product formulations, collaborating with R&D teams.

## EDUCATION

**Bachelor of Science in Chemical Engineering** 📅 Apr / 2016 - Apr / 2018  
**University of California** 📍 Seattle, WA

Focused on process design, control systems, and quality assurance in manufacturing.
