WORK EXPERIENCE

Production Associate/Floor Supervisor **ABC Corporation - April 2003 - May 2016**

Responsibilities:

- As a production associate on the betting line, I assembled outer panel parts and installed them on cars.
- Worked with robotics to teach and clean up programs to reduce cycle times.
- During production, if a robot had an error, I would work on the recovery of the program on the robot to get the line back up and running.
- Performed production welding operated pc guns, and operated MIG and tig welders.
- As a production associate for material handling/receiving and service parts production, I shipped and received parts from vendors.
- Operated fork trucks on the shipping and receiving dock and delivered parts to the assembly line during production.
- Assembles components by examining connections for correct fit, fastening parts, and subassemblies.

Line Runner

ABC Corporation - February 1998 - March 2003

Responsibilities:

- I was trained to perform each job on the assembly line so that I could perform whatever job needed to be done to keep the line running.
- Greeted new customers and escorted them to their tables.
- Presented menus and answered any questions, making recommendations upon request.
- Wrote orders and conveyed to the kitchen, including any dietary restrictions.
- Attended to guests at their tables and ensured they were taken care of at all times.
- Managed a section of 5-10 tables at a time / 20-40 guests at a time.
- Assisted with food prep and running food to appropriate tables.
