ACHIEVEMENTS

- ⭐ Increased production efficiency by 15% through process improvements and equipment upgrades.
- ⭐ Achieved a 98% quality control pass rate by implementing rigorous testing and monitoring protocols.

PROFESSIONAL SUMMARY

Dedicated Production Operator with a decade of experience in fast-paced manufacturing environments. Expertise in machine operation, quality assurance, and process optimization. Proven ability to troubleshoot and resolve equipment issues swiftly, ensuring minimal downtime. Passionate about enhancing productivity and maintaining high-quality standards while supporting team collaboration.

WORK EXPERIENCE

Production Operator

📅 Jan / 2019-Ongoing
📍 Santa Monica, CA

1. Performed laboratory studies on the manufacturing of products, testing processes in pilot plants.
2. Adjusted controls to regulate temperature, pressure, and flow of materials based on equipment knowledge.
3. Operated equipment for chemical processing of industrial products while ensuring safety compliance.
4. Conducted quality control tests to ensure product standards were consistently met.
5. Monitored process conditions using recording instruments and indicators for compliance verification.
6. Managed inventory and sorted products for packaging, ensuring efficient supply replenishment.
7. Initiated equipment operations for material processing, including mixing and transferring materials.
8. Maintained production logs and communicated data to computer systems for accurate reporting.

Operator

📅 Jan / 2015-Jan / 2019
📍 Portland, OR

Crescent Moon Design

1. Received and weighed raw materials, adhering strictly to manufacturing procedures.
2. Loaded materials into automatic equipment, making necessary adjustments for optimal mixing.
3. Troubleshot equipment and process issues promptly to minimize production interruptions.
4. Executed product changeovers efficiently to maintain production schedules.
5. Disassembled and cleaned equipment thoroughly, preparing for subsequent batches.

EDUCATION

Associate of Applied Science in Manufacturing Technology

📅 Jan / 2012 Jan / 2015

Tech University

📍 Phoenix, AZ

Focused on machinery operation, quality control, and manufacturing processes.
