Work Experience

Public Speaker

ABC Corporation - 2001 – 2005

- Spoke at these different organizations on different topics including user interface design, Dreamweaver, and ViewletBuilder.
- Flash User Group meetings at Macromedia on ViewletBuilder software.
- Society of Technical Writers meetings on ViewletBuilder software.
- Consulted with a wide variety of organizations to improve fundraising, donor retention, increase corporate sponsorships, donor prospects, and develop engaged and effective Boards of Directors.
- Trained organizations to launch more effective and cost-efficient events and programming to reach a broader audience.
- Guided groups in creating more effective working teams.
- Helped organizations create clear mission and vision statements to best reflect the organizations purpose.

Public Speaker

Delta Corporation - 1998 – 2000

- Presently have no job title.
- Have an extremely rare disease that few doctors understand, called "large vessel cerebral vasculitis." It is a desire to open doors to those in the.
- Have much to offer on a speaking tour.
- Available to share my experiences with those in the medical field who want to learn about a very "rare" disease, large vessel cerebral vasculitis.
- Because it is beyond the understanding of so many; many health providers go into "fear over prevention mode;" which on a certain level is.
- Not one to be feared any more than my disease is.
- Those of us who have life-threatening diseases; dont want to be over-protected, just cared for, and to have someone who takes the time to understand.

Education

Certification in Technical Writing - 1998(California Polytechnic University - San Luis Obispo, CA)
