www.qwikresume.com

### PROFESSIONAL SUMMARY

Detail-oriented Punch Press Operator with over 5 years of experience in operating and maintaining various punch press machines. Skilled in interpreting blueprints and technical drawings, ensuring precision in metal fabrication. Committed to adhering to safety protocols and quality standards while optimizing production efficiency. Proven ability to troubleshoot mechanical issues and perform routine maintenance.

### WORK EXPERIENCE

**Punch Press Operator** Mar / 2024-Ongoing  
Maple Leaf Consulting Toronto, ON

- Operated punch presses to manufacture precision components, ensuring adherence to specifications.
- Set up and adjusted dies and gauges for accurate punching and notching.
- Utilized blueprints and technical drawings to guide production processes.
- Conducted quality checks on finished products to maintain high standards.
- Maintained equipment for optimal performance and minimized downtime.
- Collaborated with team members to enhance workflow and efficiency.
- Documented production activities and maintained accurate records.

**Punch Press Operator** Mar / 2023-Mar / 2024  
Summit Peak Industries Denver, CO

- Assembled wiring harnesses for elevator motors, ensuring compliance with specifications.
- Reconfigured gear ratios to meet customer requirements accurately.
- Installed and tested elevator systems, verifying functionality before shipping.
- Punched and formed brackets according to blueprints to support assembly processes.
- Utilized universal dies for prototype bracket production, contributing to design innovation.

### EDUCATION

**Associate of Applied Science in Manufacturing Technology** Mar / 2022 - Mar / 2023  
Tech Valley Community College Seattle, WA

Focused on manufacturing processes, machine operation, and quality control.

### SKILLS

### INTERESTS

- Woodworking Star Gazing  
Theatre Architecture

### STRENGTHS

- Politeness Determination  
Ambition Dedication

### LANGUAGES

### ACHIEVEMENTS

- Reduced material waste by 15% through effective machine setup and operation.
- Improved production efficiency by 20% by optimizing punch press settings.
