ALEXANDER SCOTT

QA Tester

✉ support@qwikresume.com 📞 (123) 456 7899 📍 Los Angeles 🌐 www.qwikresume.com

PROFESSIONAL SUMMARY

QA Tester with 10 years of extensive experience in software quality assurance, specializing in both manual and automated testing. Adept at designing and executing test strategies, analyzing requirements, and ensuring compliance with SDLC and STLC methodologies. Committed to enhancing product quality through meticulous testing and effective collaboration with cross-functional teams.

WORK EXPERIENCE

QA Tester

📅 Apr / 2019-Ongoing

Maple Leaf Consulting

📍 Toronto, ON

1. Developed comprehensive test plans and strategies based on detailed requirement analysis.
2. Executed functional and regression test scripts, ensuring all business requirements were met.
3. Created and maintained requirement traceability matrices to ensure alignment between requirements and tests.
4. Designed test cases for web services utilizing WSDL and schema files, driving effective testing of APIs.
5. Configured and managed web services testing projects using SOAP UI, facilitating team collaboration.
6. Conducted thorough testing of web services, utilizing TCP monitors to validate SOAP messages.
7. Architected automated test scripts, enhancing overall testing efficiency and effectiveness.

Web/Mobile QA Tester

📅 Apr / 2015-Apr / 2019

Summit Peak Industries

📍 Denver, CO

1. Coordinated testing efforts to ensure alignment with business requirements and quality standards.
2. Utilized real data and use cases to enhance the accuracy of the testing process.
3. Established formal QA processes, promoting adherence to industry best practices across the team.
4. Monitored quality assurance metrics and developed new tools to meet quality objectives.
5. Facilitated communication within the QA team to ensure project timelines were met.
6. Created and maintained internal documentation, ensuring easy access to testing processes and procedures.

EDUCATION

### Bachelor of Science in Computer Science

📅 Apr / 2012 - Apr / 2015

University of Technology

📍 Denver, CO

Focused on software development and quality assurance methodologies.
