## 💼 WORK EXPERIENCE

### Certified Real Estate Appraiser

📅 Feb / 2022-Ongoing

Maple Leaf Consulting

📍 Toronto, ON

1. Conducted thorough evaluations of residential and commercial properties, utilizing market data analysis to establish accurate valuations.
2. Developed and maintained professional relationships with lending institutions and real estate professionals to facilitate appraisals.
3. Performed internal appraisals of various property types, ensuring compliance with appraisal standards.
4. Monitored current market trends to assess their impact on property values and appraisal processes.
5. Utilized comparative analysis techniques to determine property values, ensuring accuracy and reliability.
6. Achieved and maintained state appraisal licenses through continuous education and examination.
7. Implemented customized financial strategies to optimize appraisal processes and meet company objectives.

### Real Estate Appraiser

📅 Feb / 2020-Feb / 2022

Cactus Creek Solutions

📍 Phoenix, AZ

1. Established the scope of work by measuring properties and conducting detailed inspections to assess conditions and unique attributes.
2. Photographed properties to document conditions and support valuation findings.
3. Conducted thorough searches of public records to gather data on property transactions for accurate appraisals.
4. Prepared detailed appraisal reports outlining methodologies and final property value estimations.
5. Calculated property values by considering depreciation, replacement costs, and income potential from similar properties.
6. Provided final appraisal reports to clients, ensuring clarity and compliance with industry standards.

## 🎓 EDUCATION

### Bachelor of Science in Business Administration

📅 Feb / 2018    Feb / 2020

University of Phoenix

📍 Phoenix, AZ

Focused on finance and real estate management, providing a strong foundation in property valuation principles.
