PROFESSIONAL SUMMARY

Dedicated Refinery Operator with 10 years of experience in optimizing production processes, ensuring safety compliance, and enhancing operational efficiency. Proven track record in monitoring plant operations and implementing improvements.

WORK EXPERIENCE

Refinery Operator/Representative

Jan / 2018-Ongoing

Blue Sky Innovations

Chicago, IL

1. Operated and monitored processing units, ensuring adherence to safety and environmental regulations.
2. Maximized production quality and quantity while aligning with company policies and objectives.
3. Conducted regular assessments of plant operations to maintain optimal performance.
4. Identified and resolved operational issues promptly, enhancing overall efficiency.
5. Participated in cross-functional projects aimed at reducing costs and improving processes.
6. Maintained detailed records of production metrics, including yield and utility consumption.
7. Trained new operators on safety protocols and operational procedures to ensure compliance.

Refinery Operator

Jan / 2015-Jan / 2018

Silver Lake Enterprises

Seattle, WA

1. Executed oil and biodiesel refinery operations, utilizing innovative processes for fuel production.
2. Developed and refined operational procedures to enhance efficiency and safety.
3. Created and updated safety and maintenance checklists to ensure compliance.
4. Performed visual inspections of production processes using advanced automation software.
5. Collaborated with engineering teams to implement process improvements.

EDUCATION

Associate of Applied Science in Process Technology

Jan / 2012 - Jan / 2015

Texas State Technical College

Chicago, IL

Focused on refining processes, safety protocols, and operational efficiency in industrial settings.

SKILLS
