# PROFESSIONAL SUMMARY

Research Specialist with 5 years of experience in conducting comprehensive studies and developing innovative research methodologies. Expert in data collection, statistical analysis, and report writing, with a strong focus on translating findings into actionable insights. Demonstrated ability to collaborate with diverse teams to enhance research outcomes and drive evidence-based practices.

## 🔛 WORK EXPERIENCE

## **Research Specialist**

# Feb / 2021-Ongoing

### Maple Leaf Consulting

Toronto, ON

- 1. Established and led the mammalian cell expression group, enhancing research capabilities.
- 2. Conduct in-depth literature reviews to support research initiatives and project development.
- 3. Conducted pioneering research on cell-type influence on posttranslational modifications.
- 4. Created engineered cell lines and optimized methodologies for producing therapeutic proteins.
- 5. Conducted gene isolation and assay development for hormone expression studies.
- 6. Collaborated with universities to foster innovative research partnerships.
- 7. Participated in strategic committee discussions to prioritize scientific initiatives post-merger.

## **Research Specialist**

### Crescent Moon Design

**■** Portland, OR

- 1. Designed and executed research projects in collaboration with multidisciplinary teams.
- 2. Utilized advanced laboratory techniques for data collection and analysis.
- 3. Independently processed and analyzed islet cell isolation, ensuring quality control.
- 4. Evaluated islet cell quality through GSI, ELISA, and viability
- 5. Mentored and trained junior researchers in laboratory techniques and methodologies.
- 6. Drafted and refined comprehensive experimental protocols for research consistency.

# **EDUCATION**

## Master of Science in Biology

## Feb / 2019-Feb / 2020

## University of California

**耳** Denver, CO

Focused on molecular biology and biotechnology research methodologies.
