### 👤 PROFESSIONAL SUMMARY

Dedicated Restoration Technician with 7 years of experience in disaster recovery, specializing in fire, water, and mold remediation. Proven ability to manage projects efficiently while ensuring customer satisfaction and safety.

### 💼 WORK EXPERIENCE

#### Lead Restoration Technician

📅 Jan / 2021–Ongoing

Seaside Innovations

📍 Santa Monica, CA

1. Inventory and load the work vehicle with necessary equipment and supplies for each restoration project.
2. Set up staging areas and equipment to ensure efficient workflow during restoration tasks.
3. Maintain a clean and orderly job site to promote safety and professionalism.
4. Communicate effectively with team members and clients to address needs and concerns promptly.
5. Conduct thorough end-of-day cleanup and equipment breakdown to prepare for the next project.
6. Provide expert restoration services for homes affected by fire, flood, and other disasters.
7. Utilize IICRC-certified techniques to manage water damage and mold remediation effectively.

#### Restoration Technician

📅 Jan / 2018–Jan / 2021

Crescent Moon Design

📍 Portland, OR

1. Adapt to various job sites and specific restoration needs based on damage type.
2. Assess and address fire, smoke, water, and mold damage in residential properties.
3. Implement IICRC standards for water restoration to ensure effective damage control.
4. Install vapor barriers and set up containment areas to prevent further damage.
5. Perform demolition and removal of hazardous materials, including mold.

### 🎓 EDUCATION

#### Associate of Applied Science

📅 Jan / 2015–Jan / 2018

Community College of Denver

📍 Toronto, ON

Focused on environmental science and restoration techniques, providing foundational knowledge for disaster recovery.
