

ROBERT SMITH

RN Float Pool

info@qwikresume.com | <https://Qwikresume.com>

Goal is to continue my professional development in the health care sector. Ultimately building on my ten years in healthcare. Experienced delivering superior clinical outcomes while focusing on cost savings. Creating customer focused relationships that provide the best end user customer satisfaction. Utilizing patient education as the foundation for improved outcomes and organic growth.

AUGUST 2014 - 2022

RN FLOAT POOL - MERCY HOSPITAL

- Maintained flexibility to fill staffing needs in all of the specialty clinics to include Pulmonary, Infectious Disease, Oncology, Diabetes, Neurology and GI.
- Facilitated and assisted with the special care of a less fortunate patient population.
- Discharged and or transferred procedures to include the following documentation; nursing notes, medication lists, H&P's, referrals, physical and mental evaluations.
- Provided nursing leadership, clinical judgment and support to all members of the Practice management team.
- Worked as a Float Pool for medical / surgical / cardiac / renal / pediatric / rehab/ overflow.
- Worked as Charge Nurse about 50 % of the time.
- Oriented new RN/LPN including new graduates.

2011 - 2014

RN FLOAT POOL - DELTA CORPORATION

- worked various units including rehab, transitional care, med/surg.
- Bedside care of patients included assessment, med administration, collaborating with other nurses, reporting to the charge nurse as necessary .
- Work for the staffing office and float to different floors as needed.
- Provide patient care, administer medications, change dressings, and monitor patients for any changes.
- Initially started in the float pool and that included working any area of the hospital except for OB GYN.
- Sometime during this time, I transitioned into an orthopedic floor - taking care of post op knee, back, hip surgeries.
- Performing assessments, maintaining the patients and their families and equipment.
