PROFESSIONAL SUMMARY

Accomplished Rod Buster with a comprehensive understanding of rebar installation techniques and safety protocols. With more than 5 years of experience in the field, I have successfully contributed to numerous high-profile construction projects. My ability to read and interpret blueprints has enabled me to execute complex designs with precision. Recognized for my strong work ethic and reliability, I consistently deliver quality results while adhering to strict timelines and budget constraints. Passionate about enhancing construction processes and outcomes.

WORK EXPERIENCE

Rod Buster Nov / 2020-Ongoing Blue Sky Innovations Chicago, IL

- 1. Interpreted blueprints to lay out drawing layouts on decks and place rebar accurately.
- 2. Executed multi-strain cable installations for bridges, ensuring precise layout for footings and slab-on-grade.
- 3. Constructed columns and tilt panels, demonstrating expertise in various casting techniques.
- 4. Lifted and carried rebar of all sizes, utilizing various tying methods and tools effectively.
- 5. Completed tilt-up panels, footings, and flood wall castings, showcasing strong technical skills.
- 6. Operated machinery and controlled processes to enhance project efficiency.
- 7. Collaborated with engineers to troubleshoot and resolve design issues related to rebar placement, ensuring project continuity.

Rod Buster Nov / 2019-Nov / 2020 Summit Peak Industries Denver, CO

- 1. Tied steel and set frames for concrete structures, ensuring structural integrity.
- 2. Executed precise measurements and collaborated with team members to optimize workflow.
- 3. Constructed silos, demonstrating versatility in various construction tasks.
- 4. Positioned and secured steel bars and rods in concrete forms using appropriate tools.

EDUCATION

Associate of Applied Science in Construction Technology Nov / 2018 - Nov / 2019 Texas State Technical College Santa Monica, CA

Focused on construction management, safety protocols, and hands-on technical skills.
