Runner

ABC Corporation - 2007 - 2012

- Make sure the facility is always free of any trash.
- To Acknowledge any and every customer with what is called the 10 foot rule.
- What that means is every customer that comes within a 10 foot range of you to greet and ask "how are you doing today";.
- Deliver food and drinks to customers as they watch their movie.
- One Last winter when it was really bad outside and the roads were full of ice no one showed up to work but me and another runner, and there were no servers at all so me and him had to handle the entire theater.
- So we had to deliver all food and drinks to every customer on our own.
- Moral of the story runners get tips in their check but that day the customers were so astonished by the work and help I assisted them with I earned over \$100 worth of tips from customers.
