PROFESSIONAL SUMMARY

Accomplished Satellite Communications Operator with 5 years of experience in managing and optimizing satellite systems. Adept at troubleshooting complex communication issues and ensuring high system performance for mission-critical operations. Dedicated to delivering innovative solutions that enhance connectivity and operational efficiency in high-pressure environments.

WORK EXPERIENCE

Satellite Communications Operator

📅 Mar / 2021-Ongoing

Quantum Solutions LLC

📍 Phoenix, AZ

1. Implemented new satellite communication products by collaborating with engineering teams to ensure seamless integration.
2. Provided technical guidance for satellite operations, enhancing overall system performance.
3. Established processes that improved customer satisfaction and operational efficiency.
4. Delivered technical support to internal and external stakeholders, ensuring robust communication.
5. Performed troubleshooting on satellite systems, ensuring optimal functionality and reliability.
6. Monitored satellite performance metrics and adjusted operations to maintain communication links.
7. Conducted regular system checks to guarantee operational readiness of satellite communication systems.

Satellite Communications Operator

📅 Mar / 2020-Mar / 2021

Lakeside Apparel Co

📍 Chicago, IL

1. Served as Radio Telephone Operator (RTO) for a Joint Task Force, ensuring effective communication during operations.
2. Maintained communication capabilities for multiple military commands, facilitating operational success.
3. Led a team in restoring Very Small Aperture Terminal (VSAT) functionality, ensuring critical communication lines.
4. Operated and maintained strategic satellite facilities, supporting mission-critical military operations.
5. Rebuilt High-Powered Amplifiers and repaired satellite modems, enhancing system reliability.
6. Supervised junior personnel, ensuring high standards of performance and training.

EDUCATION

Bachelor of Science in Satellite Communications

📅 Mar / 2019 - Mar / 2020

University of Technology

📍 Phoenix, AZ

Focused on satellite communication systems, network performance, and operational protocols.

ACHIEVEMENTS

🌟 Achieved 99.9% uptime for satellite communication systems over 5 years.

🌟 Led a team in troubleshooting and restoring satellite links, resulting in a 25% increase in operational efficiency.
